

CUSTOM ROOFTOP SOLUTIONS DESIGNED BY OUR IN-HOUSE TEAM OF ENGINEERS

SIMPLE BUT EFFECTIVE

A non-penetrating fall protection solution that offers quick and easy assembly using one standard tool. Product selection is available for simple ordering processes.

VERSATILE

RoofGuard is a passive, modular fall protection system utilizing stackable base plates to achieve regulation weight requirements. No single components over 40 lbs.

PASSIVE FALL PROTECTION

Eliminate the need for active fall protection equipment and training. Reducing the extra costs associated with upkeep, fines, and non-compliance.

COMPETITIVE PRICING

Meet multiple fall protection needs with one customizable system at a competitive price. Pricing program available to partnered dealers.

ON THE LEADING EDGE OF SAFETY

01 ROOFGUARD CLASSIC GUARDRAIL

04 ROOFSTEP CROSSOVER

02 HATCHGUARD GUARDRAIL

05 FIXED ACCESS LADDER

03 SKYLIGHT GUARDRAIL

06 LADDERGUARD GUARDRAIL

IN-HOUSE ENGINEERING

Our engineers will bring the industry knowledge and experience to meet and exceed all specification and safety regulation requirements.

NO DIRECT SALES

Products are sold exclusively through a partnered dealer network to offer a competitive advantage.

EXCEPTIONAL SERVICE

Access continual support from our Sales, Engineering, Estimating and the Marketing Co-op Program. Custom digital Dealer Portal available for partnered dealers.

FAST TURN AROUND

Expect exceptional customer service from our team with a response time under 48 hours and on demand delivery for your clients.

EASY SHIPPING

Our standard kits can be packed and shipped on one skid (depending on order size), reducing shipping costs and wait times.
