

# SPECIFICATION SHEET

## CONSTRUCTION NETTING SYSTEMS

---

Liftsafe Fall Protection can provide construction netting products designed specifically for multiple construction applications. Our heavy-duty netting can support high-rise construction, debris containment, and more. Please note, this product is not a fall protection system and is recommended for debris containment to protect against falling objects. Connect with our team to better understand the applications available with our construction netting system products.

# CONSTRUCTION NETTING SYSTEMS

An “engineered” system consisting of custom-fitted netting panels, rigging hardware and stanchions.
